

essential world history vol pdf

World history or global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

World history - Wikipedia

The history of the world, in common parlance, is the history of humanity (or human history), as determined from archaeology, anthropology, genetics, linguistics, and other disciplines; and, for periods since the invention of writing, from recorded history and from secondary sources and studies.. Humanity's written history was preceded by its prehistory, beginning with the Palaeolithic Era ...
